

MOHD. FARAAZ KALIM

Lucknow, India 226020 | faraazkalim9@gmail.com | +91 7081000211 | LinkedIn

Profile

A motivated Computer Science student with a focus on full-stack web development, AI, and knowledge of IoT by working on academic projects. Gained knowledge of React, PHP, and MongoDB through projects. I would like to implement what I have learned in the real world and keep getting better at my technical skills.

Education

B.Tech in Computer Science & Engineering (DS&AI) Integral University, Lucknow *GPA: 7.0*
— *Expected Graduation: 06/2025*

Projects

Smart Meter Developer

Mar 2024 – Apr 2025

- Built a real-time energy monitoring system using Arduino, ESP8266, Firebase, and MongoDB.
- Designed a customized dashboard using Django and Chart.js to display live data and send SMS notifications using Twilio.
- Provided scalability and precision with dual-database design and sensor calibration.

Web Development Training: PG-Life

Jul 2024 – Aug 2024

- Developed a responsive web app for PG accommodation listings using HTML, CSS, Bootstrap, PHP, and MySQL.
 - I used XAMPP as a local development platform to mimic a full-stack setup (Apache + MySQL).
 - Created a basic user recommendation system that provides customized suggestions based on conditional logic.
 - Uploaded the project onto a cloud server after testing for initial scalability and responsiveness.
-

Academic Projects

- **Basic Access Control System:** Created a role-based login system to allow for an appreciation of user authentication and access control.
 - **Data Visualization:** Developed a static dashboard with Chart.js to display example datasets and improve front-end integration skills.
 - **Task Management Tool:** Built a command-line application for task assignment and tracking, showcasing problem-solving abilities in Python.
 - **IoT Integration:** Used Arduino and sensors to collect, process, and display real-time energy data, exploring IoT data processing and basic sensor interfacing.
-

Publications

- **Behavioral Nudges and Predictive Analytics: Enhancing Energy Conservation Through IoT-Enabled Smart Metering**
2025 (In Progress)
Suhail Siddiqui, Mohd Faraz Kalim, Saleha Mariyam
Presented at ICBDAIT 2025, Andaman and Nicobar, India
Publication in progress – notification expected by end of August 2025

- **Real-Time Monitoring and Data Management for Smart Meter using IoT and Cloud Technologies**

2025 (In Progress)

Suhail Siddiqui, Mohd Faraz Kalim, Saleha Mariyam, Kavita Agarwal

Presented at DSAI 2025, MMMUT Gorakhpur

Accepted for publication in Springer – final stage of processing

Technical Skills

- **Languages:** Basic Python, Java, JavaScript
 - **Libraries / Framework:** React, Django, Bootstrap, Tailwind CSS
 - **Tools / Platforms:** Git, GitHub, VS Code, Arduino IDE, Node, ChatGPT, Gemini, Perplexity, Overleaf, Twilio
 - **Markup Languages:** HTML, CSS, LaTeX
 - **Databases:** MySQL, MongoDB, Firebase
-

Certifications

- Data Fundamentals – IBM
 - Cybersecurity Fundamentals – IBM SkillsBuild
 - Data Science 101 – IBM
 - Digital Analytics & Regression – IBM
 - Business Intelligence – IBM
 - Web Development Training – Internshala
-

Languages

- **English:** Intermediate
- **Hindi:** Native
